## **MESSAGE FROM THE FOUNDER, CHAIRMAN AND THE CO-FOUNDER, CO-CHAIRPERSON**

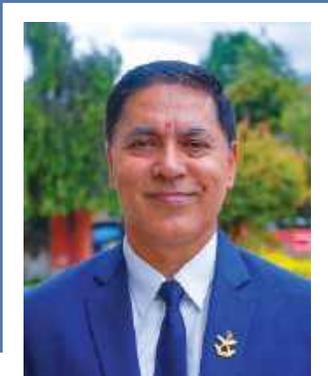

Dear Parents, Guardians, Students and Well-Wishers,

It gives us immense pleasure in introducing and inviting you to Little Angels' Secondary School. It is the realization of our dream to bring world-class education in Nepal, and in doing so, to stimulate young and innovative minds with rigorous scholastic programs.

Where we are at present is the result of our persistent journey and commitment to provide holistic education to young learners from heterogeneous communities. For the most part, we have already achieved our goal. However, realizing our responsibility as educational leaders, we are continuously displaying remarkable aptitude in exploring new terrains in professional education.

Our first-hand experience in the field of education has brought us to the realization that education has to look after three important aspects of our students in the process of their academic journey. First, our students must be experts in any one field of their choice. Quality classroom teaching and learning helps to achieve this goal. Second, our students must be technically sound. It enables them to adopt fast-growing technologies and permeate an atmosphere of competence. Third, our students must possess interpersonal skills. It enhances professional confidence. We are committed not only to effective classroom learning, but also looking forward to technically sound and emotionally intelligent graduates over here.

We believe our undertaking for quality education is a part of your dream as well and we will work together and make it happen.

**Krishna D. Awasthi**  
Principal

## MESSAGE FROM THE PRINCIPAL

Welcome to Little Angels' Secondary School. We offer the highest standards of education with a reputation for quality, holistic education. LA has high academic standards and offers an outstanding progression for students. We are proud of our academic achievements; successive excellence in our results has made us one of the top academic institutions. We also offer the best in terms of physical infrastructure with state-of-the-art facilities for extra-curricular and co-curricular activities. We strongly recommend the SEE graduates to join us because we are the highest-scoring institution in the Board Examination administered by NEB, it is one of the top educational institutions and has a long history of academic excellence. Second, it is the best institution in the nation in terms of physical infrastructure sprawled over three hundred fifty ropanies of land with state-of-the-art facilities for extra-curricular and co-curricular activities.

It is endowed with an ideal ambience that fosters a learning environment deeply entrenched in learning. Our experienced teachers are thorough professionals who ensure that students are offered the opportunity to fulfill their potential and aspirations. LA's team of highly qualified, experienced professionals and dedicated teachers deliver courses with an emphasis on creativity, analyses and critical thinking.

LA places a strong emphasis on imparting quality education so that our graduates can compete in the global career arena. The wide-ranging facilities coupled with the expertise of the teaching staff makes LA the right choice for you to grow, learn and achieve.

We would like to warmly welcome SEE graduates and wish you an unsurpassed academic journey that is fruitful, purposeful and veers you towards the brightest future.

## A TRADITION OF ACADEMIC EXCELLENCE AND INNOVATION

Little Angels' Secondary School was successfully launched in the year 1997 and since its inception, we have been offering Science and Management streams. Quality, affordability and high-quality education being its benchmarks, today the institution is ranked as the topmost and most trusted institution in the country where academic excellence, success and accomplishments are a part of the journey towards brilliant careers of the students.

Little Angels' provides quality education of international standard to students from a diverse range of cultures and experiences. Innovative teaching methods are used by some of the best nationally recognized teaching faculties in an environment conducive to learning, all geared toward the overall development of students. As a result, our students have demonstrated excellent results in the final examinations and they continue to excel in their respective fields.

## HISTORY: A REMARKABLE REPUTATION

A shared vision to provide innovation in education and earnest hard work were the pillars that lay the foundation of the institution. With a deep commitment to its mission - One Goal, One Mission! Our Children, Our Nation! Little Angels' School celebrates years of providing excellent education and grooming future leaders. Its specialty is the uniqueness and novelty of experience where education extends beyond text-books. Its forte has been to create an environment that builds and nurtures-potentials, creativities, talents and brilliant careers.

Established in the year 1981 in Jawalakhel, Lalitpur, with sixty five students, quality and the individual touch it strove to provide, saw its fruition into a leading educational institution in the country. The 1990s saw the conception of world class premises with modern amenities, the implementation and fruition of this ambitious plan took place in 1995.

Today, LA is a sprawling complex, home to almost seven thousand five hundred students. Our students are exemplary figures of the community. It is remarkable as the provider of a well-balanced academic program and as one of the largest and impressive landmarks that offers facilities par excellence.

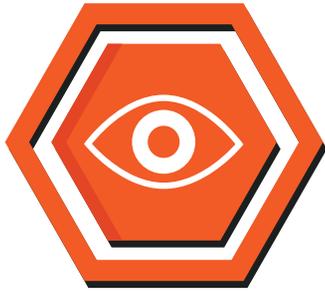

Pursuing higher education has been a significant mission, in continuance with this tradition; this program was successfully launched in 1997. Since then, it has received numerous awards and is well known for its high level of performance and quality students with the highest percentage of distinction holders.

Today, we strengthen and evolve, building everlasting relationships of reliability and trust, creating positive changes with the changing needs of the society and continue on our journey as an institution whose goals are directed at nurturing students who excel globally.

## SETTING STANDARDS

Guided by a set of core values in its day to day activities and long term goals helps you build a strong future ahead.

### VISION

To explore new terrains in the world of academia through educational leadership where young and innovative minds capable of leading the global world study together for academic excellence.

### MISSION

To address the call for rigorous scholastic program that ensures holistic education to the young learners in order to meet the changing needs of students in the competitive world.

## STUDENTS' VOICES

Little Angels' has provided me with the opportunities and resources to seek such positive, life-building experiences and for that, I am grateful to my teachers, the administrative bodies, and the executive body. Little Angels' is the place to grow academically and personally whilst forming beautiful memories.

**Deep Babu Neupane**  
Head Boy-2079

I still remember how nervous and anxious I was when I first stepped into the college. I was scared as the place was very new to me. I walked into the classroom in the hope that everything will be okay and gradually the things weren't just 'okay' but amazing.

The friendly environment of the college, understanding teachers and great friends, everything made my plus 2 life better.

Little Angels' gave me the memories I will never forget and opportunities that built me stronger.

And as the time passed the Little Angels' didn't feel like college but 'home' where everything was calming and happier. I owe a big thank you to Little Angels' Education Group, for supporting me on my every step towards my good future. The love, the support and the assistance, I will forever be grateful towards all of the amazing people who with were with me throughout the journey of my plus 2 program.

**Sarad Gorathoki**  
Final Exam Topper (XI Science 2079)

Hello, I am Sadikshya Acharya from the commerce faculty, grade 12. It has been a truly invaluable learning experience in Little Angles' College in just the first year itself. In to my one year experience at this college, I do not regret a single day being here at LAC. The faculties leave no stone unturned to shape one's future. Here, it is not just good education that is focused on but also various activities to enhance one's personality. There are various clubs and councils here, which help to share or put out your opinions among others. I am glad to be a part of Little Angles' College. I express my best wishes to all.
